Teaching Faculty Position in Biomedical Engineering

Non-Tenure Track Position

The FAMU-FSU College of Engineering is pleased to invite applications for a teaching faculty position (non-tenure track) in Biomedical Engineering in the Department of Chemical and Biomedical Engineering in Tallahassee, Florida.

The Department of Chemical and Biomedical Engineering at the Florida A&M University (FAMU)-Florida State University (FSU) College of Engineering invites applications for a full time, non-tenure track, 12-month teaching faculty position in biomedical engineering. This is a permanent position with benefits. Candidates must possess an earned Ph.D. in biomedical engineering, or a very closely related discipline, and demonstrate the capability for high quality instruction in biomedical engineering. Candidates are expected to have strong commitments to high-quality teaching, primarily though not exclusively, at the undergraduate level, service to the department and campus, and outreach activities. Excellent communication and interpersonal skills, as well as the ability to motivate and inspire students are essential.

Major responsibilities include teaching undergraduate laboratory courses in biomedical engineering, including molecular and cellular engineering, biomechanics, and instrumentation. Candidates are expected to assist in developing and teaching senior biomedical engineering design courses. The Department is currently developing an undergraduate degree in biomedical engineering and is seeking dedicated teaching faculty who can contribute to the development of this degree program through outstanding teaching and service. (Details can be found at the Department web page: www.eng.famu.fsu.edu/cbe).

The college is a unique combination of two outstanding universities with overlapping but distinct missions - the nation’s top Historically Black College/University and one of the nation’s ~100 Highest Research Active Universities. As such we provide an outstanding research and entrepreneurship-based education to one of the most diverse student populations in the US. Faculty are employed by one or the other of our partner universities, but hold joint faculty privileges at both universities.

Applicants should submit:

1. A cover letter
2. A full curriculum vitae
3. A statement of teaching interests and experience
4. The names and contact information of three potential references
5. An Equal Employment Opportunity Survey for Faculty Applicants

Review of applications will begin February 1, 2019, and will continue until the position is filled, but for full consideration, please apply by the priority deadline of February 1, 2019. Any questions about the position should be directed to Dr. Bruce R. Locke at locke@eng.famu.fsu.edu.

Florida A&M University and Florida State University are Equal Opportunity/Affirmative Action employers that encourage applications from minorities and women, and comply with the American Disabilities Act. Both are public records agencies pursuant to Chapter 119, Florida Statutes

Criminal Background Check

This position requires successful completion of a criminal history background check. The background check will be conducted as authorized and in accordance with University Policy 4-OP-C-7-B11

Application documents should be sent in pdf format to the contact email listed below:
